Take Advantage of the Government's Small Business Tax Breaks

Thinking of investing in new irrigation equipment, then now is the time to take advantage of the Australian Government's \$2.7 billion Business Tax Break and talk to us. Small businesses can claim an additional 30 per cent tax deduction for eligible new assets costing \$1,000 or more that they acquire from 13 December 2008 to 30 June 2009, and installed by 30 June 2010. For eligible assets costing \$1,000 or more that they acquire from 1 July 2009 to 31 December 2009, they can claim an additional 10 per cent deduction where they are installed by 31 December 2010.

With low interest rates and this opportunity to take advantage of the Government's investment tax break, now is a great time to consider investing in Zimmatic Centre Pivots and Lateral Move Irrigators. Team Irrigation has machines in stock and ready for installation to meet the Government's investment tax break deadlines.

Contact Craig Chandler for all design and information on Zimmatic Centre Pivots and Lateral Move Irrigators. Ph: 6885 5220 or visit our website at www.teamirrigation.com.au.

Please speak to your accountant to verify what business tax breaks you qualify for or visit the Governments website at www.ato.gov.au

Durapoly Tanks In Stock

Team Irrigation now stocks Australian-made poly tanks by Durapoly. Durable tanks made to withstand the harsh Australian climate for the use of both cattle and sheep.

Combination Tank & Trough

With the trend to conserve water, Durapoly offers a clever, well thought-out system that can provide livestock with the benefit of not having to walk extensive distances for a cool water supply. This can pay dividends in weight-gain for your livestock.

These hassle free combination tanks have a one-piece tank and one-piece fool proof trough with internal plumbing and top quality fittings that can't even be seen.

Contact Tim or visit our premises to view these complete watering solutions.
